

ACTIVITY ONE: Introductions

Take turns introducing yourselves. Name, institution, role and why you chose to attend this session. Use this space to take notes/capture highlights to refer to at a later time.

ACTIVITY TWO: Best Practice/Standards

- (i) How are incident response and data collection addressed by the Forum Standards & Interassociational Good Practice?*

- (ii) How is your institution/organization collecting and using incident data across all your programs/program types? Are you using the Forum database or sending your data to the Forum?*

- (iii) How would you improve your incident response and data collection processes?*

ACTIVITY THREE: MN Law & Beyond

- (i) Would current practices allow you to comply with the MN law if it were impacting your institution/organization? What would need to change?*

- (ii) Who would need to be involved at your organization/institution?*

- (iii) What are your next steps to prepare for this coming to your state/the federal level?*
 - improved practice:*

 - advocacy and communication (internal and external):*

 - other:*
