Responding to COVID-19 #3
Taking Care of Our Students and Ourselves

An opportunity to share strategies and updates, ask questions of each other, and process concerns
Polling Questions

- Types of organizations
- Where in the world people are located
- How many people are working from home?
- What’s one thing that’s working well for you right now?
  - More time for myself
  - No commute
  - Connecting virtually with loved ones
  - Togetherness at home
  - Taking time to cook

Taking Care of Self

What are your questions?  What is working for you?
Taking Care of Yourself

Physical Well-being
- Maintain a routine
- Move
- Stretch
- Breathe

Anxiety and Stress
- Limit your exposure to the news
- Refer only to reliable sources
- Share accurate information
- Practice “radical acceptance”
- Make order out of chaos
Radical Acceptance

- Comes from dialectical behavior therapy
- Does not mean that you are fine with what’s going on
- Fighting reality only creates suffering

→ simply means that you are acknowledging reality which can lead to effective problem solving
Making Order Out of Chaos

Uncertainty, ambiguity, disarray, chaos → Out of Control!

How do I gain control?

• Choose things that you can control...
  • Puzzles: crossword, jigsaw, Sudoku...
  • Household chores: folding laundry, mowing the lawn, organizing the junk drawer...
  • Hobbies: crafts, quilting, scrapbooking...
  • Creating: baking, cooking, painting, writing, composing...
Taking Care of Students

- How are people adjusting their re-entry support for students during this time?
- What online techniques are you using to check up on your students' readjustment and mental health?
- I am looking for guidance and best practices for how to support the mental health of our study abroad students who have prematurely and abruptly returned from their study abroad programs this spring.

What is working for you?
Taking Care of Students

- Continuity
- Person
- Community
Supporting Students as People

• Support Mental Wellbeing
  • Listen
  • Online (such as WellConnect, SilverCloud)
  • Community Resources

• Check on Basic Needs

• Communicate to Individuals
Supporting Students as Communities of Learners

- Offer Formal Connections
  - Group Meetings
  - Online Games
  - Text Group

- Offer Informal Connections
  - Discussion Boards
  - Photo Sharing
  - Story Sharing
  - Buddy Programs
Supporting Student Continuity

- **Academics**
  - Communicate
  - Provide Flexibility
  - Support Faculty-Student Relationships

- **Finances**
  - Listen
  - Advocate
  - Communicate

- **Future**
  - Share Alumni Stories
  - Provide Career Support
  - Guide Thinking on Transferable Skills

Taking Care of Each Other

• What advice would you give for staff members working in cultures abroad where student services are limited and not readily given to students, due to cultural norms and human resource restrictions?

• I am interested in supporting staff and faculty during this time, as well as students and the university.

• Do others have tips for those who might be working remotely and now homeschooling at that same time with the closure of schools?

What is working for you?
Taking Care of Each Other

- Patience, kindness, generosity of spirit
- Communication of: needs, boundaries, and also bandwidth/work-related
- Respecting the boundaries of others

If you supervise others:
- Provide opportunities for connection, but don’t micromanage or police WFH routines
- Let your staff who are dealing with additional responsibilities, challenges, distractions know that you are mindful of the situation and that reduced productivity during this time will not impact job security or advancement opportunity

16th Annual Forum Conference session:
- Open Forum on Developing Risk Mitigation
  - There is no agenda for this session. Instead, we invite you to bring the issues that are keeping you awake at night. What are you currently focused on that wasn't planned for – COVID-19, political demonstrations, natural disasters? Come prepared to ask about and share your strategies for risk mitigation in a world of evolving concerns.

Panelists:
- Rochelle Keesler, Lafayette College
- Patrick Morgan, University of Michigan
- Wendy Lou Pedersen, University of Southern California
