Management Report

• Hundreds of volunteers have supported and contributed to The Forum’s work this year, including our dedicated Board and Council members

• Researched and identified new Association Management System to be implemented in 2020-21

• Staff updates:
  • Director of Marketing position eliminated due to budgetary reasons
  • Director of Finance position eliminated due to reconfiguring of administrative functions
Financial Report

• The Forum will finish the 2019-20 fiscal year with a surplus of $400,000USD. The surplus is due mainly to funds from two Small Business Administration Loans: Payroll Protection Program loan and an Economic Injury Disaster Loan.

• This year’s surplus will help offset a projected deficit in the next fiscal year due to the impact of COVID-19. Additional steps have been taken to reduce costs in the coming year through a reduction in force, reduced staff attendance at conferences and exhibiting, and tightening control over program and administrative expenses.

• Successfully utilizing a virtual platform to hold The Forum’s 16th Annual Conference, Accelerated Residency, and this year’s Institute has preserved critical revenue streams for the organization.
Financial Report

• The market value of The Forum’s endowment as of March 31, 2020 is $1,788,096 while the book value is $1,627,267.

• This investment serves as a reserve fund for The Forum and also assists with operating costs, when needed. In 2018-19 and 2019-20, $0 from the endowment was used to offset operating costs.

• Maher-Duessel conducted The Forum’s audit for FY18-19, which was deemed clean. They will conduct the FY19-20 audit in September.
Financial Report

• You may read the Audit Report and Financial Statements on The Forum website, along with the IRS Form 990. Additional financial information can be found here:
  https://forumea.org/about-us/policies-reports-2/financial-statements/

• Dickinson College hosts The Forum and provides nearly $100,000 in in-kind contributions, including the building on campus that houses The Forum’s offices, payroll, benefits, and human resource services for Forum staff, and technology and infrastructure support for operations.
