Core Beliefs:

• We believe that the inclusion and celebration of each individual’s intersecting identities, experiences, and abilities enriches our organization and our work with members, professionals, and students.

• We believe that education abroad can be a tool for cultivating anti-racist and decolonial thought in students and stakeholders.

• We believe in creating safe spaces and brave spaces for belonging, communication, sharing and learning.

• We believe we have the responsibility to actively inform and engage the field of education abroad in a way that fosters inclusion, promotes equity, and combats structural racism systemically and sustainably.

How We Manifest This:
By engaging in dialogue, collaboration, sharing best practices, research and innovation, and professional development, The Forum strives to address and provide critical resources and a forum for discussion for the field of education abroad, with particular consideration of groups who have been historically excluded or marginalized impacting access to education abroad.

Management Report

• Over 250 volunteers have supported and contributed to The Forum’s work this year, even during the tumultuous pandemic period.

• Implemented Rhythm Software, new Association Mgmt Software.

• Contracted with Beth Blaney & Associates for bookkeeping and Andrew Woods-Ballard for CFO/budgeting responsibilities.

• The entire Forum staff has been working remotely since March 2020 and will remain virtual indefinitely.
Revenue Streams

To offset revenue loss from membership dues, we:

• Conducted new Institute for Online Global Learning & planning for a new in-person institute in October or November 2021

• New Forum Consulting service

• Virtual event hosting for partners

• *Standards in Action* book series (4 in process, 2 coming out in 2021)
  - *Deepening Impact through Inclusion in Education Abroad*
  - *The Half Yet to Be Told: Study Abroad and HBCUs*
Financial Report

• The Forum finished the 2019-20 fiscal year with a surplus of $126,280USD. The surplus is due mainly to the reduced expenses associated with a virtual conference.

• The Forum’s cashflow has benefited from two Small Business Administration Loans: Payroll Protection Program (PPP) loan ($210,528USD) and an Economic Injury Disaster Loan ($149,900USD). (We anticipate 100% forgiveness of the PPP loan and are in the process of applying for a second round.)

• Last year’s surplus will help offset a projected deficit in the current fiscal year due to the impact of COVID-19. Additional steps have been taken to reduce costs in the coming year through a reduction in force, reduced attendance at conferences and exhibiting, and tightening control over program and administrative expenses.

• Successfully utilizing a virtual platform to hold The Forum’s 16th Annual Conference, Accelerated Residency, and two Institutes has preserved critical revenue streams for the organization and paved the way for increased geographic reach for future activities.
Financial Report

• The market value of The Forum’s endowment as of December 31, 2020 is $2,291,586 while the book value is $1,705,532.

• This investment serves as a reserve fund for The Forum and also assists with operating costs, when needed.

• Maher-Duessel conducted The Forum’s audit for FY19-20, which was deemed clean, once again. The Forum was complimented by auditors on our financial handling of the effects of the pandemic.
Financial Report

• The Audit Report and Financial Statements will be available shortly on The Forum website, along with the IRS Form 990. Additional financial information can be found at:
  https://forumea.org/about-us/policies-reports-2/financial-statements/

• Dickinson College hosts The Forum and provides nearly $100,000 in in-kind contributions, including the building on campus that houses The Forum’s offices, payroll, benefits, and human resource services for Forum staff, as well as technology and infrastructure support for operations.
