2019 REPORT
EDUCATION ABROAD
CRITICAL INCIDENTS

WHO'S REPORTING?

16 participating Forum member organizations
25,485 students*
95 host countries
60 where incidents were reported
1255 education abroad programs*

*Care has been taken to reduce duplicates in the data, but because incidents are reported anonymously, some students or programs may be represented twice in the reported results.

Critical Incidents were estimated to occur once every 6 days**

** Based on 1619 total critical incidents reported

Distribution of Programs and Incidents by Geographic Region

CRITICAL INCIDENTS OF ALL KINDS

Participating organizations reported 69 incidents for every 1000 students studying abroad in 2019

A Critical Incident is defined as any incident which prevents a student from participating program activities for 24 hours or more
